

Enrich.

Every small step counts, and we are dedicated to making a positive impact on the communities we operate in. By providing convenient access to essential products and services, 7-Eleven is able to enrich the lives of people in the communities where they operate.

educate.

We've got your back. We recognize that there are larger issues at play, such as income inequality and the wage gap, that affect many people in our communities. That is why we are committed to educating the public on these issues and doing our part to assist in any way we can.

Hydrate.

At 7-Eleven, we believe that everyone deserves access to clean drinking water and an equal opportunity to succeed. Because of this, we have partnered with the community to make it a priority to sell water in public places. Whether it's a park, your favorite store, or any other public area, we know that people need to stay hydrated, especially during hot summer months.

mission

We aim to provide a pathway for young entrepreneurs to enrich, educate, and hydrate their local community through a guided vending program, and extend the reach of our service to our awesome community through the bright smiles of our most ambitious youth.

A stylized graphic of a human spine, rendered in a teal color. The spine is composed of large, rounded, white segments separated by teal outlines. A vertical red arrow with white diagonal stripes points upwards through the center of the spine. The arrow is positioned such that it passes through the gaps between the white segments, representing a path or flow through the structure.

How it works

Schedule

Once you are registered, you can hop online and reserve pre-approved locations and time slots.

Pick-up

Arrive a little before the reservation time to pick up your stand, water bottles, and other materials you might need.

Sell

Once you get to your location, its your time to shine! Connect with the community and keep them hydrated!

Return

At the end of your reserved time, return materials to 7-Eleven and collect your hard earned money!

Getting involved

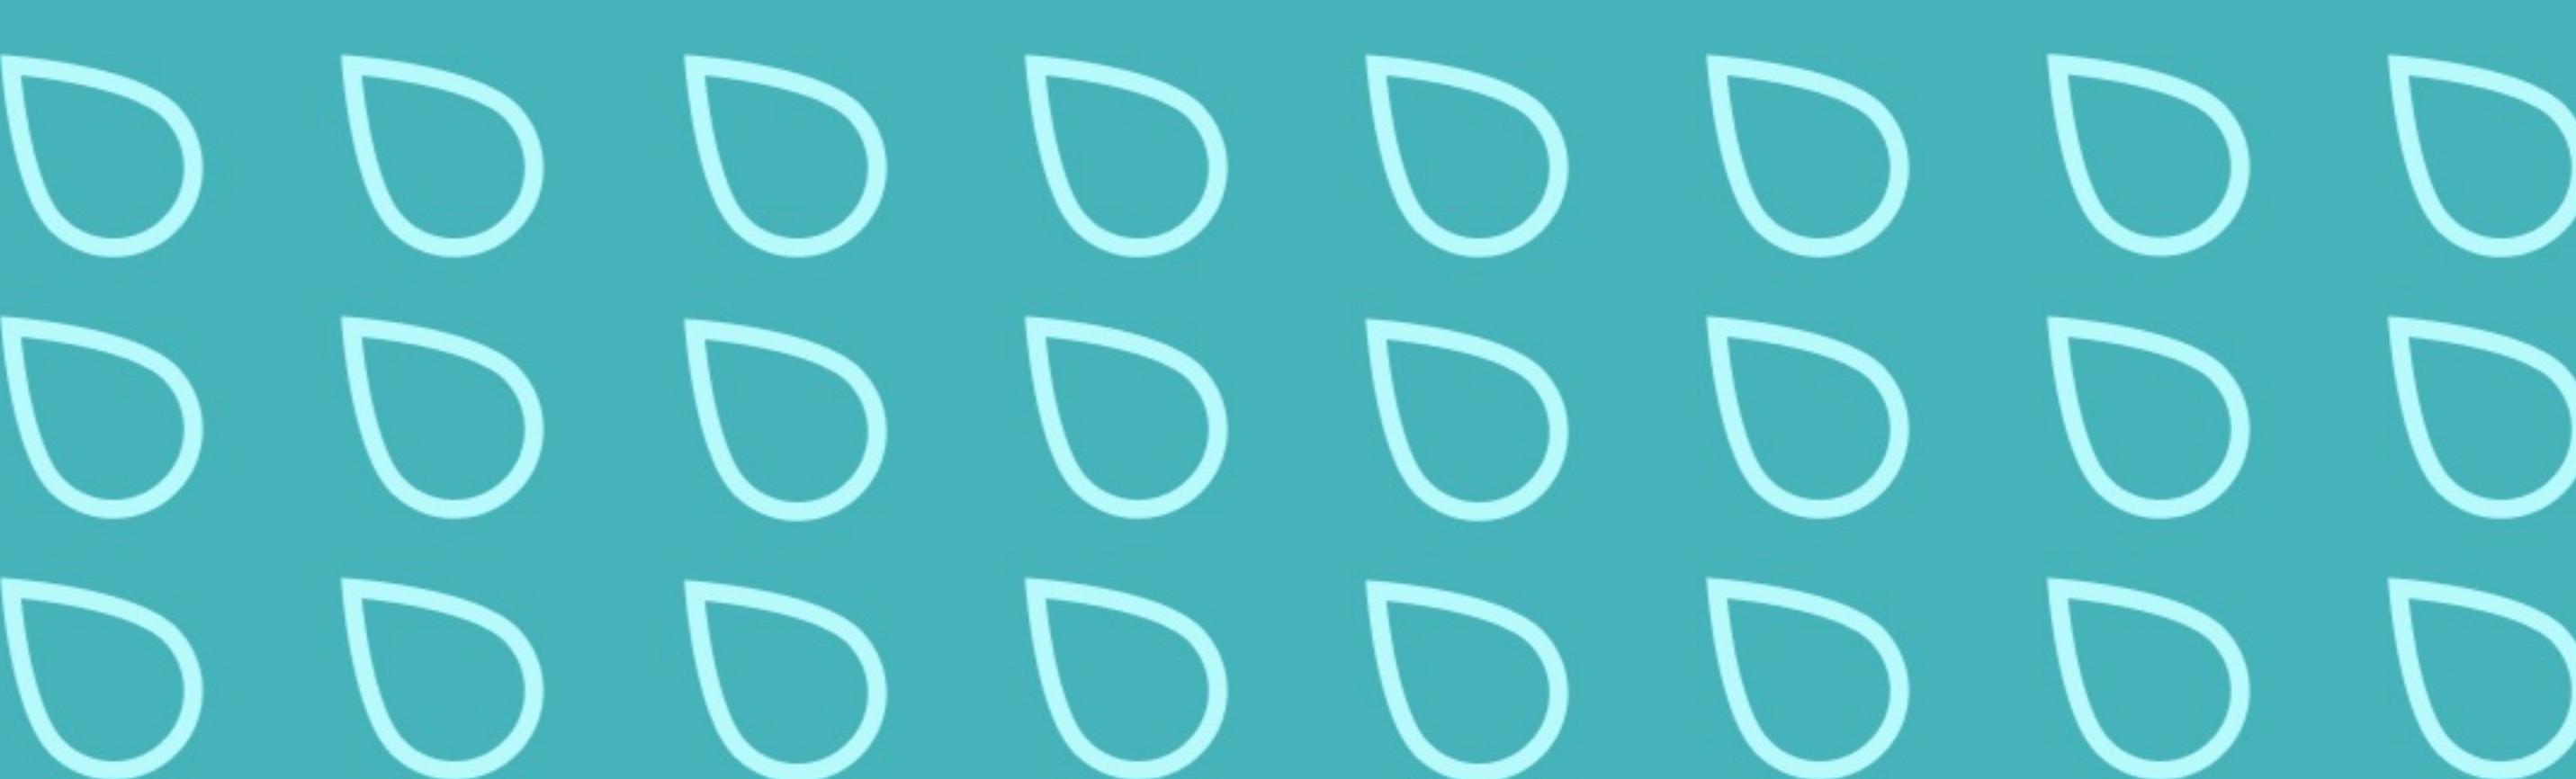

Reach out! We are always looking for chances to get involved out the community!

Get in touch with opportunities regarding:

- Becoming a Water Rep
- Team Lead position
- Events in your community
- Anything else you can think of

Safety

- Location Tracking
- Police alert system
- Team lead check-in
- Mobile check-ins
- etc.
